The Eckhardt Company.

The well known Eckhardt Company, the attraction that such a splendid impression has last April with their production of "A Wicked Woman" and "Are You a Mason?", will return to Raymond for a two night engagement, starting Tuesday, Dec. 5th. This company now carries twelve people, and judging from the recent paper comment of Regina, Saskatoon and other cities where they have recently played, they have the best popular price attraction in Western Canada this season. Mr. Eckhardt, the clever comedian, is an actor of recognized ability, and he has surrounded himself with a cast never before seen with a moderate price attraction.

Two new plays will be presented here, complete with special scenery, costumes, etc., opening Tuesday with the celebrated comedy, "The Bosom Friend of Bowser," followed Wednesday with the great moral play, "In the Bishop's Carriage," a dramatization of Marjorie Michelson's novel of world wide fame. A pleasing feature of the Eckhardt Company is the high class vaudeville introduced between acts. Reserved seats are now on sale at the Drug Store. Prices 25, 50, and 75 cents.

Mid-Winter Course.

The season is exceptionally late. Prospective students have been unavoidably detained in order to harvest crops.

For that reason the Knight Academy will give a mid-winter course, designed to prepare boys and girls for real life. Classes in sub-high school and first-year high school will be organized, in such subjects as: theology, grammar, arithmetic, reading and spelling. In addition to these required subjects, students may register for any subject given in the regular courses of the Academy.

This mid-winter course offers exceptional opportunity for boys and girls to enter now advantageously. At least two new students should register.

A Close Call.

What might have been a serious accident occurred on Saturday afternoon, when Mr. E. B. Hicks had his left arm carried around a 12 inch pulley by a 7 inch belt on his threshing separator.

Mr. Hicks was standing on the wheel of the separator and was adjusting one of the belts, when his gauntlet glove caught on the leather lagings of the belt, and before Mr. Hicks knew what had happened, he was thrown onto the feeder. The pulley was running at about 400 revolutions per minute, and Mr. Hicks was heard to say that it was all over before he knew what had happened.

No very serious injury was sustained by him except a severely bruised arm and an injured shoulder and chest. Mr. Hicks is now able to attend to his work.

MONEY IN POULTRY.

The Editor of the CANADIAN POULTRY REVIEW, the people's popular poultry paper, tells us that this paper has been greatly enlarged and is filled with all that pertains to poultry, both from a practical and a fancy standpoint.

Prof. A. G. Gilbert, Manager Dominion Government Poultry Farm, Ottawa, tells in course of the Practical Poultry Department, Rev. J. N. Williams, one of England's most noted experts, writes interestingly each month on poultry doings in the Old Land. Mr. H. S. Babcock, Providence, R. I., is another prominent writer and breeder on this paper's regular staff, and there are dozens of others. Each phase of poultry breeding, poultry exhibiting, etc., is fully covered and the pages of the Review are complete with half tone reproductions from life, of famous birds, plans of up-to-date houses, utensils, etc.

The subscription rate is fifty cents per year, but readers of this paper can have it at three dollars for \$1.00, and sample will be sent free on application to Canadian Poultry Review, 184 Adelaide Street West, Toronto, Ont.

The Youth's Companion.

No other paper is quite like The Youth's Companion. It is taken in half a million homes, where a love of reading is made with as much ease as the choice of friends.

For years The Companion has enjoyed contributions by distinguished men and women of Great Britain and Canada. Among those already engaged to write for the 1912 volume are General Baden Powell, who has something of interest to say about the Boy Scout movement, Sir Harry Johnston, who recalls the last of the Great South African hunters, William T. Sedgwick, Jerome K. Jerome, John Barlow, Frank T. Buller, Rev. W. J. Dawson, Richard Whiteing, Sir James Crichton Browne, and the Duke of Argyll, former Governor-General of Canada.

The serial stories alone, which will follow one another the year through, will be worth \$2.00 each when published in book form. By taking The Companion the Canadian subscriber gets them all and 250 other complete stories for \$2.00, and the Articles, Miscellaneous, Boy's Page, Girl's Page, Household Page, etc., put in for good measure. Now is the time to subscribe for on January 1st, 1912 the subscription price will be advanced to \$2.25.

Do not forget the new subscriber for 1912 receives free The Companion's Calendar for 1912, illustrated in ten colors and gold, and all the issues for the remaining weeks of 1911 from the time the subscription is received. THE YOUTH'S COMPANION, 144 Berkeley St., Boston, Mass. New subscriptions received at this office.

Don't miss the big fun show, "The Bosom Friend of Bowser" at the Opera House Tuesday, Dec. 5th. Prices 25, 50, and 75 cents.

The Herald of two weeks ago said that the Knight Sugar Factory had closed down. This is just a case, as it is the rumor, and it will continue as long as there are enough bees to keep it busy.

The matinee of "Snow White," given for the children on Thursday afternoon, was well attended. The operetta is simple enough for a child to understand, and yet it has a deep plot running through it.

The old friend of C. W. Card, Joseph Jones, of Salt Lake City, happened to be near Raymond, and dropped in on Wednesday night to pay a visit. The hotel lobby rang with reminiscences for a while.

Turner and Spindel, local butchers, purchased some time ago, fifty head of beef for their Raymond shop. They have now a nice selection of meat on their racks, and have kept the best of the bunch for the Christmas trade.

Mr. W. P. Betts was taken to Lethbridge last week, where he was operated on for appendicitis. Mr. Betts was in good condition and walked into the operating room. When last heard from, he was in excellent condition, and hopes are entertained for his immediate recovery.

Mrs. Frank Brown left on Friday for a visit to her old home at Liverpool, England. Mrs. Brown has been in Canada for two years, and will spend the coming winter in England. She sails on December 1st by the Empress of Britain.

Knight Academy Notes.

Instructor Nye is busy preparing the program for the forthcoming concert to be given early in December.

The student body conducted chapel on Thursday morning of December 28th. Skousen in charge. After the opening preliminaries, a nice program was given. Dorothy Young read an excellently prepared paper.

Mayor B. S. Young spoke to the students on Thursday last up on the subject of "The Golden Rule" as against "The Silver Rule." The first rule teaches us to do unto others as we would have others do unto us, while the second rule teaches us to "do" others or they will "do" us.

"Snow White," the beautiful little opera, was presented to a packed house on Wednesday night of last week. The rendition was excellent and the parts in the main were well sustained. On Thursday afternoon a matinee was given for the children, beginning at 4 o'clock.

The several classes have composed class songs, and the students have heard them this week upon several occasions. Class rivalry is growing among the students.

Campaign work is being prosecuted in several wards in the interests of the Knight Academy.

A member of the missionary class will be called upon once a week to make a short doctrinal talk in chapel. This will give the boys practice in appearing before the public, as well as in expressing their thoughts clearly and forcibly.

Janitor Christian has almost completed connections with the town water system, so we will have water in the building very soon now.

The domestic science department will begin serving dinners early in December.

The student body will give their annual party soon, probably next week. It should be a swell affair.

And now we come to a most interesting chapter in Mr. Smith's life—the Red River Rebellion. For some years a number of malcontents, residing at Red River, had been trying to stir up an agitation so as to separate that settlement from that of the Hudson's Bay Company. The population in the district of Assiniboia had rapidly increased and was imperilling the hold

All was now quiet in the Settlement. The purchase price, £300,000, had been paid, and the territory transferred to Canada. Pending the arrival of the new Governor, the Hon. Adams G. Archibald, Colonel Wolesey called upon Mr. Donald A. Smith to administer affairs. The appointment gave great satisfaction, so completely was the acting administrator trusted. When the new Governor arrived Mr. Smith greeted him with the utmost cordiality.

Delorme, to whom Mr. Smith had acted as sponsor. To a crowded House Mr. Ross declared that Delorme had been a member of the Riel government and was therefore guilty of murder. Delorme denied the accusation and returned to Mr. Smith, upon whom all attention was centred. This is a description of Mr. Smith as seen by an eye witness in the gallery.
